

HEADQUARTERS CAMP DETRICK  
FREDERICK MARYLAND

10 November 1954

Dr. Joshua Lederberg  
Dept. of Genetics  
University of Wisconsin  
Madison 6, Wisconsin

Dear Josh:

I was sorry to hear that you would not be able to participate in the proposed symposium, because, after all, it will hardly be possible to find a substitute for you on that particular subject (and I mean this sincerely). However, I am grateful for your very good suggestions and you will see from enclosed copy of a letter to Phil Edwards that I already have taken some steps to augment the program according to your suggestion.

Devignat's 21 strains arrived here this week and we shall see what we can do with them.

I shall miss seeing you and Esther as usual this December particularly since I have a number of problems that I would like to discuss with you.

Best regards,

Sincerely yours,

WERNER BRAUN
